Individual Team Effort Report

PHYS 201L | Submit privately through the LMS with each team notebook

Purpose: Describe contributions candidly and specifically. This report is private. It may be used with instructor observations to adjust an individual grade when participation differs materially from the team's submitted work.		
Your name: Georgianna Harsh	**Team name:** Labrador	**Experiment number and title:** 1: Density
First lab date: 10/5	**Second lab date:** 10/19	**Submission date:** 10/19

Contribution areas

Check every area in which you made a substantive contribution:

☐ Planning / physical model	☑ Apparatus setup / safety	☐ Calibration / troubleshooting
☑ Data collection	☐ Data-quality checks	☐ Coding / calculations
☑ Uncertainty analysis	☐ Tables / figures	☐ Writing / editing / GitHub save

Team effort estimate

List every team member, including yourself. Percentages must total 100%. Describe observable work rather than personality or effort alone.

Team member	Estimated share	Specific contributions to this experiment
aidan	25 %	measurements and paragraph
morgan	25 %	calculations
Qais	25 %	measurements
TOTAL	**100%**	

Your contribution

Describe the most important work you personally completed. Identify specific measurements, calculations, code, figures, or writing.

Working with github, writing the paragraph and understanding the instructions.

Describe one decision, problem, or check in which your contribution improved the team's result.

The weights and the string kept falling off of the wheel, which could have led to some errors in the data if it fell off too early. Also using the app sometimes it wouldn't run, but everything else was pretty consistant.

Team functioning and certification

If participation was substantially uneven, or if the instructor should know about a team problem, explain briefly. Otherwise write 'No concerns.'

No concerns.

Certification: I have reported contributions honestly and understand that this form is an individual academic submission.
