TOTAL	**100%**	

Your contribution

Describe the most important work you personally completed. Identify specific measurements, calculations, code, figures, or writing.

Helping reset the cart after each run made it more efficient and quick to run tests and collect data

Describe one decision, problem, or check in which your contribution improved the team's result.

Noticed a typo in our data that messed up our heavy cart graph and pointed it out to be fixed

Team functioning and certification

If participation was substantially uneven, or if the instructor should know about a team problem, explain briefly. Otherwise write 'No concerns.'
