Individual Team Effort Report

PHYS 201L | Submit privately through the LMS with each team notebook

Purpose: Describe contributions candidly and specifically. This report is private. It may be used with instructor observations to adjust an individual grade when participation differs materially from the team's submitted work.		
Your name: Lucas Tyree-Herrmann	**Team name:** Team LTH	**Experiment number and title:** Experiment 4: Air track II: Newtons second law
First lab date: 10/5	**Second lab date:** 10/19	**Submission date:** 10/19

Contribution areas

Check every area in which you made a substantive contribution:

☐ Planning / physical model	☐ Apparatus setup / safety	☐ Calibration / troubleshooting
☒ Data collection	☒ Data-quality checks	☒ Coding / calculations
☒ Uncertainty analysis	☒ Tables / figures	☒ Writing / editing / GitHub save

Team effort estimate

List every team member, including yourself. Percentages must total 100%. Describe observable work rather than personality or effort alone.

Team member	Estimated share	Specific contributions to this experiment
Lucas Tyree-Herrmann And Aston French	50 %	Helped to ensure all work was done correctly and had 2 eyes on it. Made sure what was typed made sense and was done well
Alivia Teri	25 %	Helped with apparatus setup to ensure quicker release times and that the data of the weights were correct and the same
Joshua Bonta Reaves	25 %	Helped in releasing the apparatus and making sure the data taken was accurate and taken in a smooth efficient manner
TOTAL	**100%**	

Your contribution

Describe the most important work you personally completed. Identify specific measurements, calculations, code, figures, or writing.

The most important work I completed was that of the data collection. I made sure that the data looked good, and if it didnt, made sure to get help

Describe one decision, problem, or check in which your contribution improved the team's result.

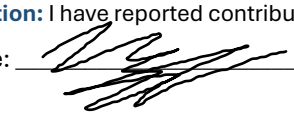

Checking back over the first set of data and asking why the end values were so weird helped our team fix a problem that wouldve been detrimental

Team functioning and certification

If participation was substantially uneven, or if the instructor should know about a team problem, explain briefly. Otherwise write 'No concerns.'

No concerns

Certification: I have reported contributions honestly and understand that this form is an individual academic submission.
