# Individual Team Effort Report

**PHYS 201L | Submit privately through the LMS with each team notebook**

Purpose: Describe contributions candidly and specifically. This report is private. It may be used with instructor observations to adjust an individual grade when participation differs materially from the team's submitted work.

| Your name: | Team name: | Experiment number and title: |
|---|---|---|
| Lucianna Petrakos | Gurl_P0wer | Lab 04- Airtrack II |
| **First lab date:** | **Second lab date:** | **Submission date:** |
| 10/05/2026 | 10/19/2026 | 10/19/2026 |

## Contribution areas

Check every area in which you made a substantive contribution:

| | | |
|---|---|---|
| ☐ Planning / physical model | ☐ Apparatus setup / safety | ☐ Calibration / troubleshooting |
| ☐ Data collection | ☐ Data-quality checks | ☐ Coding / calculations |
| ☐ Uncertainty analysis | ☐ Tables / figures | ☐ Writing / editing / GitHub save |

## Team effort estimate

List every team member, including yourself. Percentages must total 100%. Describe observable work rather than personality or effort alone.

| Team member | Estimated share | Specific contributions to this experiment |
|---|---|---|
| Kaylin | 33.5 % | helped with airtrack, measured the mass of each invidiual weight, helped catch the weight during the trials. She had moved to work on the computer on the second day due to Sophias absence. Helped with conclusion. |
| Sophia | N/A % | computer input, measured the weight of the cart, helped with data input |
| Christina | 33.5 % | balanced the air track, measured the width of the flag, helped with data input. On the second day she did the same thing |
| **TOTAL** | **100%** | |

## Your contribution

**Describe the most important work you personally completed. Identify specific measurements, calculations, code, figures, or writing.**

I balanced the air track, I also helped fix the weight and reattach the string after every trial. I did the same thing on day two and then had also helped out with the conclusion.

**Describe one decision, problem, or check in which your contribution improved the team's result.**

We hadnt run into any problems that I could have helped with personally. We did run into problems with the computer and system being used however I was unable to contribute to fixing it because I didnt know how.

## Team functioning and certification

If participation was substantially uneven, or if the instructor should know about a team problem, explain briefly. Otherwise write 'No concerns.'

no concerns

**Certification:** I have reported contributions honestly and understand that this form is an individual academic submission.
